## EXPERIENCE

### Architectural Designer Gensler — Miami, FL | 2021–Present

Lead production of construction document sets and architectural drawings for major workplace and lifestyle projects.

Directed construction site surveys, punchlists, and coordination with contractors and engineers to ensure design accuracy throughout construction administration.

Designed client-facing presentations, renderings, and visual narratives to communicate design intent and brand alignment.

Curated material palettes and finish schedules with an eye for visual identity and brand storytelling.

Key Projects: ICON Royal Caribbean (interior design for multiple venues), Citadel HQ at 830 Brickell Tower. Littler Mendelson.

### Technical Designer MKDA — New York, NY | 2019–2021

Managed design development and documentation across project phases from Schematic Design through Construction Administration.

Produced renderings, design packages, and visual assets for client presentations, strengthening communication and buy-in.

Coordinated design details and specifications across lighting, furniture, and finishes, ensuring cohesive brand and design execution.
